OCTOBER, 2026
WILDLIFE DEDUCTION GAME

Find the animal hiding in the clues — wildlife deduction game

WHERE IT SITS

THE IDEA

The field guide's map grid: a line-drawn globe of parallels and meridians in Globe Blue, the same line weight as the bold grotesk strokes, on Night.

ONE LOUD THING

The blue grid; it becomes the motif reused on maps and the globe screen.

THE MARK

A globe drawn only as its grid: the place is the clue.

WHERE IT DIFFERS

GeoGuessr and Seek show photos or a pin; a pure graticule is a map-maker's sign, and the open grid keeps it calm for teens.

Logo

The symbol + wordmark is the primary logo. Use it wherever the space allows; every other version is derived from it.

CLEAR SPACE

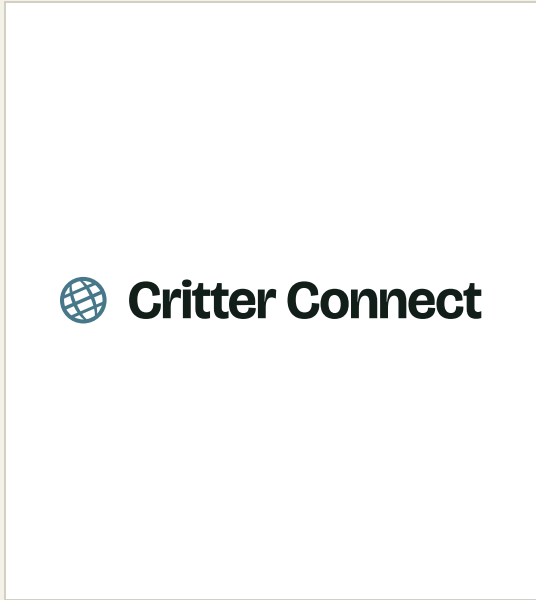

Keep at least $x = 1 \times$ the wordmark's cap height free on every side. (inferred from the drawing; confirm before print)

- Use the supplied files in kit/logo; never retype or redraw the wordmark.
- Scale proportionally, from the corner.
- The guide lines show the cap height and baseline the lockup is aligned on.

Logo

Pick the version by the space, not by taste. When the primary logo would render smaller than 16 px tall, switch to the symbol.

Primary

Horizontal lockup. The default for headers, documents and signage.

Stacked

For square and narrow spaces where the horizontal lockup gets too small.

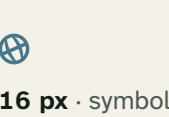

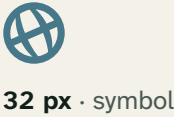

Symbol

On its own only where the brand is already named nearby: avatars, app icons.

Favicon

The symbol on the primary colour at 48, 32 and 16 px.

Every logo part keeps at least 3:1 against its ground. Where the colours cannot, the logo switches to one colour.

Logo

PAPER · FULL COLOUR · 4.9:1

PRIMARY · ONE COLOUR · 5.2:1

INK · ONE COLOUR · 17.0:1

ACCENT · ONE COLOUR · 4.9:1

Don't stretch

Don't recolour

Don't add effects

Don't crowd the clear space

Don't straighten the grid; the 23.5° tilt is the mark

Don't fill the globe; the open grid is the mark

Dark natural-history UI; green = action, blue = place, ochre = discovery, bark = structure.

Colours

Band heights show how much of each colour a typical page uses. Large areas take the ground and primary; the accent stays small.

PRINT

Screen values are exact. For print, ask your printer for CMYK/Pantone matches made with their profile; the Lab D50 values are the reference to match against.

TINTS

80, 50 and 20% for charts and backgrounds only, never for text.

FOREST ACTION CORE COLOUR HEX RGB OKLCH LAB D50 #56754E 86 117 78 0.53 0.069 139 46.0 -17.7 17.8	80%	50%	20%

In use

Grid

12 COLUMNS · 24 PX GUTTERS · 48 PX MARGINS

Find the animal hiding in the clues

Headlines start on column 1; body copy runs 5 to 7 columns wide. Big titles may hang into the margin by their side bearing only.

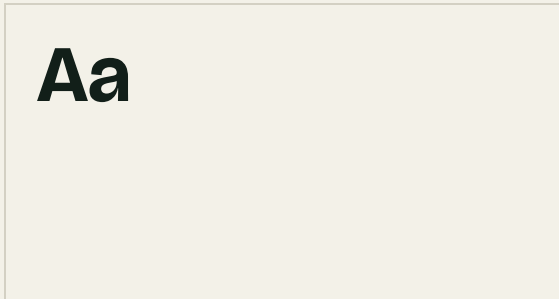

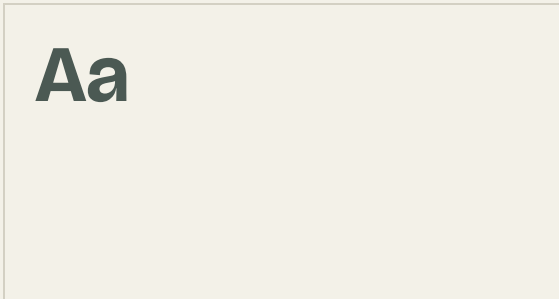

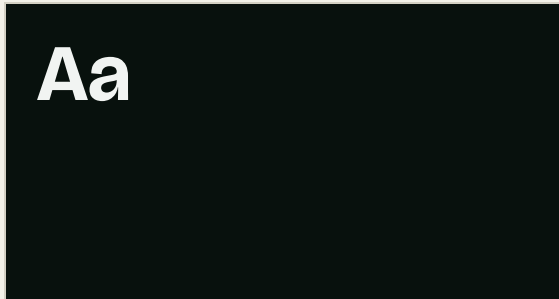

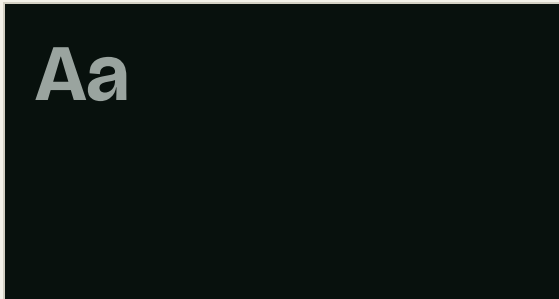

Dark mode

In dark mode the ground is #08110D; text and the primary move to their dark-mode steps. The logo uses the one-colour light version.

Contrast

Body text needs 4.5:1, large text and logo parts 3:1 (WCAG 2.2). Every pair shown here is measured from the palette.

			
light · Ink on Ground · 15.0:1	light · Muted ink on Ground · 6.5:1	light · On primary on Primary · 5.2:1	light · On accent on Accent · 4.9:1
			
dark · Ink on Ground · 17.3:1	dark · Muted ink on Ground · 7.5:1	dark · On primary on Primary · 5.1:1	dark · On accent on Accent · 5.3:1

Icons

- 24 px grid, 2 px padding, 1.75 px stroke.
- Round caps and joins; no fills except for a selected state.
- Icons take the ink or primary colour, never the accent.
- Sample set shown in the system style; draw new icons to match.

Imagery

- Real people, real places; natural light.
- Duotone in the primary and ink for backgrounds behind text.
- The accent appears in pictures only where it already exists in the scene.
- No stock clichés: no handshakes, no glowing orbs.
